- Books and notes are provided by the school.

Please scan the QR code below and fill in the google form to choose French or German as a foreign language

# Towards a new mindset

## National

- Books
- Full mark
- External help
- Memorizing

## IG

- Framework/Notes
- Curve
- Classwork
- Understanding & analyzing

# Important terms

- Notes.
- Past-papers
- Classified
- Core
- Accumulative

# Quizzes and Assessments

- On-going quizzes.
- Monthly exams (accumulative)
- Ministry exams.
- All quizzes and assessments have to be signed.
- On-site reports.
- Final Exams : Internal , following core exam criteria.

# Understanding the IGCSE 9–1 Grading System

| Numerical Grade | Equivalent Letter Grade |
|-----------------|-------------------------|
| 9               | A* (higher)             |
| 8               | A*                      |
| 7               | A                       |
| 6               | B                       |
| 5               | C (strong pass)         |
| 4               | C (standard pass)       |
| 3               | D–E                     |
| 2               | E–F                     |
| 1               | G                       |
| U               | Unclassified            |

- In the updated IGCSE grading system, numerical grades from 9 to 1 replace the previous A\* to G letter grades.
- Grade 9 is the highest and represents a level higher than the old A\*.
- Grade 4 is a standard pass, while Grade 5 is a strong pass.

# Office Hours

- During break.
- Scheduled.
- Teacher's recommendation/Student's choice.

Cambridge  
IGCSE

# Calendar

- Yearly/ Monthly (occasionally)
- Mid-Year vacation

- A4 copybook
- Pocket file
- sheets will be distributed weekly

Cambridge  
IGCSE

*Thank You!*

Cambridge  
**IGCSE**

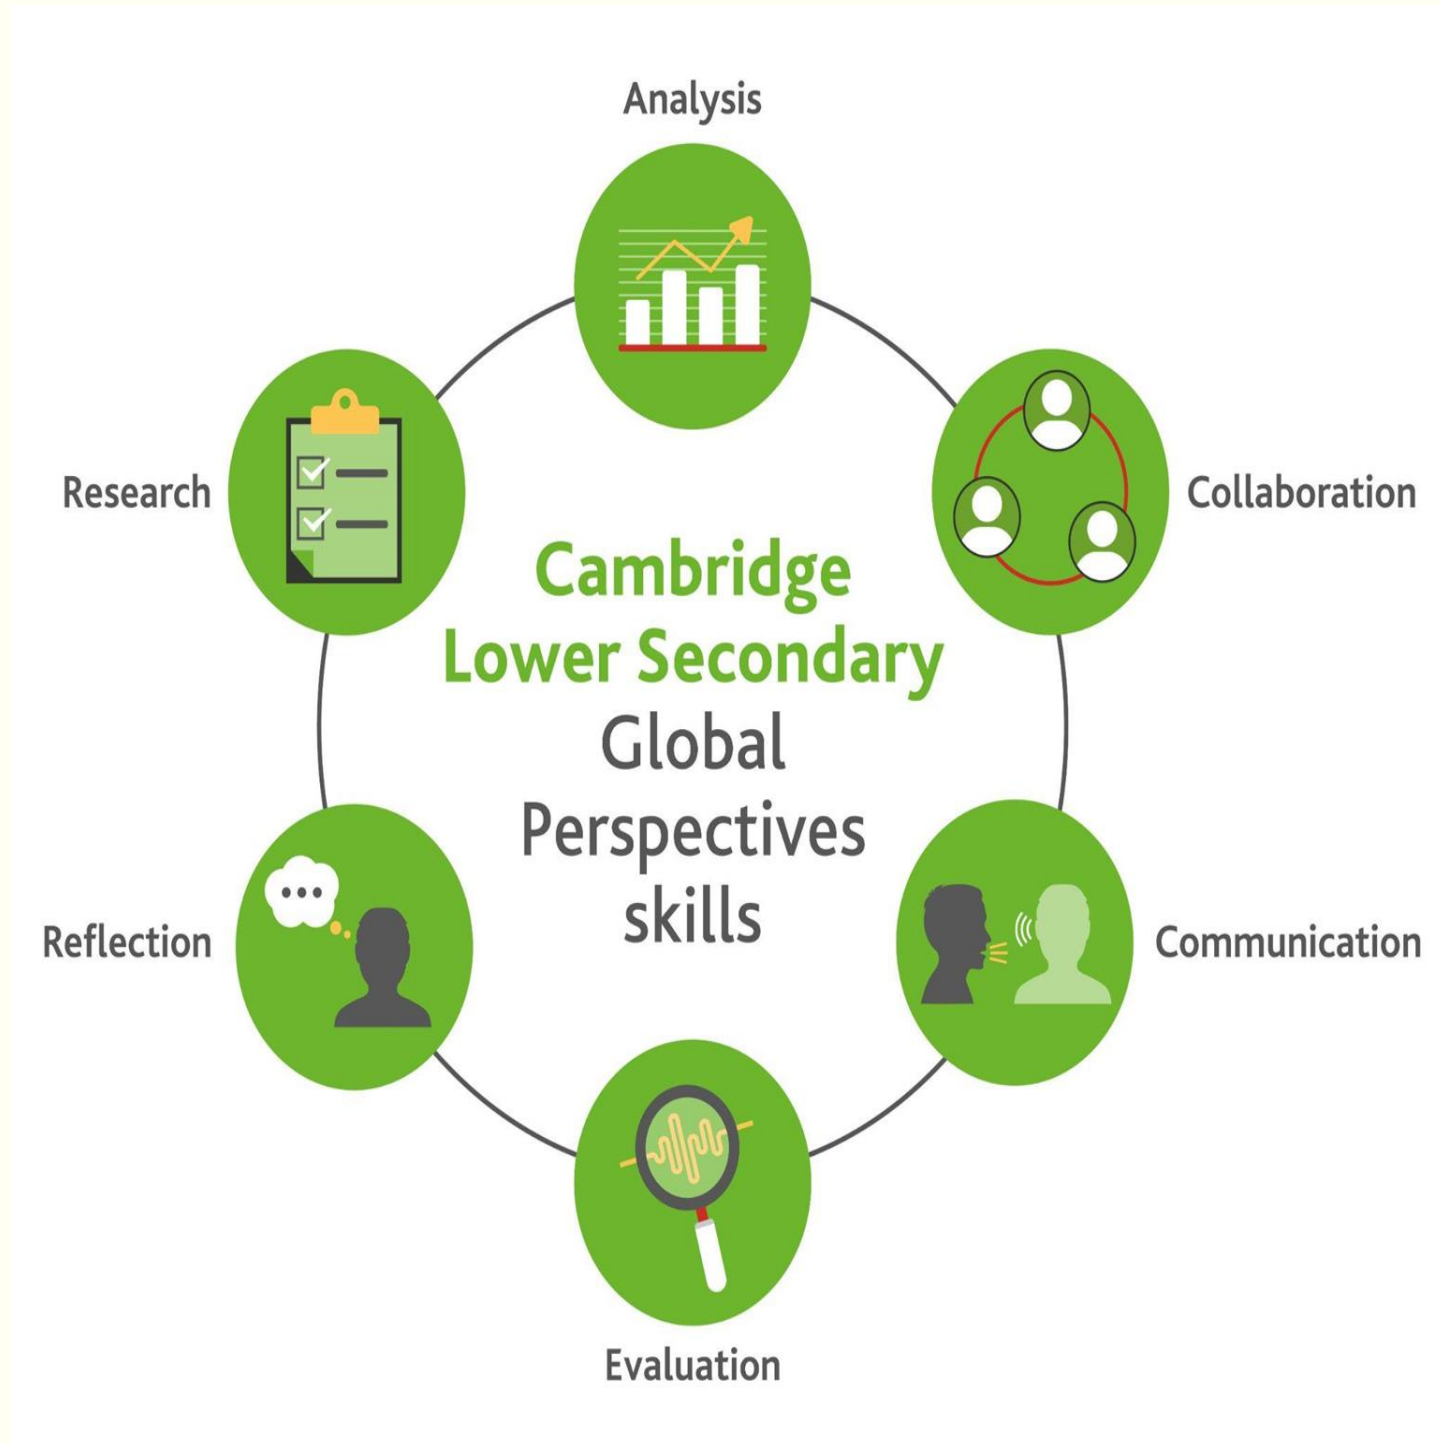

# Global Perspectives

Ms. Rosaline Gad

# What will students learn?

The program develops the skills of research, analysis, evaluation, reflection, collaboration and communication. It strengthens the links across English as a first or second language, mathematics, science and ICT Starters.

**Skills**  
The learning objectives that provide the teaching and learning focus of the Challenge.

**Perspectives**  
Opportunities for learners to consider personal, local and global perspectives.

**Topic**  
A global topic that gives a context for the Challenge.

**Issue**  
A particular subject or problem for discussion related to the topic.

**Challenge**  
Suggested activities that can be developed into lesson plans.

## Year 9 Challenges (Topics):

- 1- Can disease be prevented?
- 2- Feeling safe
- 3- Understanding each other
- 4- Sports for all
- 5- Scarce resources
- 6- Enough food for everyone

# Assessments: Bronze - Silver - Gold

1- Individual assignments  
(video/powerpoint/research paper..etc.)

2- Group projects

3- Behavior

Cambridge  
IGCSE

*Thank You!*

# Information & Communication Technology (ICT)

Ms. Rina Nabil

- Covers a significant part of ICT O Level curriculum.
- Practical modules
- Theory Lessons

# Computer labs

- A computer is assigned for every student.
- Instructions and explanation are displayed on every student's screen.
- Practical practice and follow up.

# Requirements

- Flash Drive
- Booklet.

# Final assessment

Theory questions + additional marks for practical  
work during the year

Cambridge  
IGCSE

*Thank You!*
