IGCSE Grading Equivalencies

Exact conversions between British numerical/letter models & Egyptian system percentages

9-1 Numerical Grade	IGCSE Letter Equivalent	Egyptian Equivalent
Grade 9	A* (Highest Possible Grade)	100%
Grade 8	A*	100%
Grade 7	A	95%
Grade 6	B	88%
Grade 5	B	82%
Grade 4	C	70%

Grade Structure Notes

The newer 9-1 system differentiates performance at the highest tier, helping competitive universities recognize top-performing students.

A grade of **4** is the absolute minimum requirement for acceptance into Egyptian universities, corresponding to 70% in the equivalency matrix.

Academic Regulations

Strict compliance boundaries for exams and subject selections

Five Sessions Eligibility Window

Cambridge and Edexcel exams hold five major testing sessions over the three-year high school span (June, November, June, November, and June). Program planning must strictly align with this timeline.

Mandatory School-Site Examinations

Candidates are required to attend standard academic sessions on the school premises. Registration for external subjects outside the school roster is strictly forbidden, unless executing a pre-approved retake.

•In the case of attending the subject at school, the full registration fee will apply.

Financial & Deadlines Policy

Necessary regulations to secure exam seats and manage registration fees

Dual Payment Verification Required

To successfully register for examinations, students must complete both school and exam fees before deadlines posted on the official school website. Delayed payment directly halts registration.

Retake a subject

- In the case of retaking a subject externally, 20% of the registration fee will be charged in addition to the exam fee.
- In the case of attending the subject at school, the full registration fee will apply.
