Math Department Plan For the Academic Year 2021/2022 For Primary 5&6

Math teachers are to work according to the following plan:

- * Students shall receive 6 sessions per week
- * School book: Students will be working in their school books every math session with their teacher. The school book is to stay with the student.
- * Weekly sheets: Students will be solving a weekly worksheet with a small number of problems, as a revision to what they have learned before. These sheets shall be marked. However, in case student is absent in one or two of them, s/he will have more than one chance to be evaluated throughout the month.
- * Evaluation system: students shall be evaluated based on the following items:
 - a) Weekly sheets
 - b) Homework
 - c) Participation in class
 - d) Activities
- * Booklets: there are two Math booklets; one for explanation of lessons, and another one for HW. Answer keys to the HW (showing all steps) is to be uploaded on Google Classroom in order for students to check their answers against it.
- * Recorded lessons: shall be uploaded to the Google Classroom every Thursday.
- * Agenda: Agenda is to be uploaded on Google Classroom on a daily basis according to the student's schedule.

Wishing you a happy and successful new academic year.
